

Speed round entry

If a member was using your Credit Union credit card to buy all of their airline travel and suddenly stopped...

Would someone from your Credit Union call them and ask why?

Why not?

26% of Revenue!!!

INTERCHANGE MANAGEMENT AS A SERVICE

Interchange Management as a Service

What is IMaaS ?

INTERCHANGE MANAGEMENT AS A SERVICE

Make your Credit Union \$\$\$\$\$

Increase your member engagement

Make sure your cards **STAY** in the site

Reduce fraud with tokenization

DEMO

Monitor your interchange performance and protect your cards with the **Guardian**

Our Guardian platform is monitoring your members' cards and their sites while they sleep.

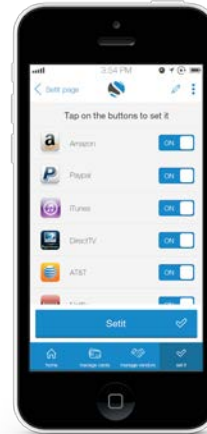

The Guardian follows up on every interaction to make sure that you are keeping the business you worked so hard to earn.

The Guardian will alert members and the FI to changes in their accounts on retail web sites.

Mobile

Guardian

Note- Pro includes all same services as Basic

Final thoughts

Interchange erosion is imminent for all CU's

It's time to monitor and measure this important source of income

Members are looking for a solution like this. It's time to give it to them.
